SIR,

I have the honour to inform you that the Nittur Railway Feeder road is a District Fund road maintained by the P.W.Department. It is 2 furlongs 20 yards in length. The cost is being met out of the lumpsum provision of Rs 500 made for the Railway feeder roads.

2. As the present allotment is considered inadequate for maintaining the road in a satisfactory condition, the Executive Engineer, Tumkur Division, recommended an increase in grant. The District Board have sanctioned the increase and a copy of the Resolution of the district board is herein enclosed for information. It may kindly be stated whether the President is empowered to sanction such permanent increases without reference to Government and whether the increased rate as now sanctioned may be accepted when the source for meeting the extra cost is not specified.

3. The year for which the increased rate has to be given effect to is not known.

4. The favour of an early reply is requested.

I have the honour to be,

Sir,
